Allied Threaded Products
L7 Fasteners (ASTM A320)

Overview

Alloy steel fasteners for low-temperature service down to -101 °C (-150 °F).

Specifications

Property	Value
Material	Alloy Steel
Tensile Strength	125 ksi min
Impact Testing	Charpy
Common Sizes	1/4"–4"
Certifications	ASTM A320 L7 / ASME SA320

Applications

- Cryogenic service
- LNG plants
- Refineries
- Cold climate pipelines
